Regarding Senate Justice Committee
Correctional Services- Immigration Facilities Detention- Minimum Mandatory Standards

Dear Senator Smith and Committee Members:

My name is Sandra Silbermann and I have been a resident of Maryland for my entire 73 years of life. I am proud of my state and the legislators who represent its' citizens.

I adamantly favor the establishment of minimum standards for all immigration detention facilities. It is inhumane and unethical to have people incarcerated in horrible conditions. To me, it is a simple matter of ethics and caring for your fellow human beings.

Please pass this bill as soon as you can.

Thank-you,

Sandra Silbermann
