

Testimony For HB0365

Honorable Delegates

Please enter a favorable report for HB0365.

I support providing that a person may not be denied the right to purchase, own, possess, or carry a firearm solely on the basis that the person is authorized to use medical cannabis.

I do not believe that persons authorized to use medicinal cannabis should not be forced to give up their gun rights. These persons are being forced to choose between medical improvement and safety. This should not be a mutually exclusive decision.

Please enter a favorable report for HB0365.
