

Bill No: HB83
Title: Family and Law Enforcement Protection Act
Committee: Judiciary
Hearing: January 29, 2026
Position: FAVORABLE

The Maryland Legislative Agenda for Women (MLAW) is a statewide coalition of women’s groups and individuals formed to provide a non-partisan, independent voice for Maryland women and families. MLAW’s purpose is to advocate for legislation affecting women and families. To accomplish this goal, MLAW creates an annual legislative agenda with issues voted on by MLAW members and endorsed by organizations and individuals from all over Maryland. **[HB83 - Family and Law Enforcement Protection Act](#)** is a priority on the **[2026 MLAW Agenda](#)** and we urge your support.

HB83 - Family and Law Enforcement Protection Act aims to strengthen firearm transfer requirements within civil court proceedings for protective orders, with specific provisions that benefit survivors of domestic violence, particularly women, who are disproportionately impacted.

In the United States, 4.5 million women report being threatened with gun violence by an intimate partner, and nearly one million have been shot by an abusive partner. The presence of a gun in a domestic violence incident increases the risk that a woman will be killed by five times. FBI data reveals that over 600 women are shot and killed by intimate partners each year—one every 14 hours.

In Maryland, inadequate enforcement of firearm removal from prohibited individuals poses serious safety risks. Despite laws mandating disarmament for individuals with protective orders, pretrial conditions, or certain criminal convictions, enforcement gaps leave many survivors vulnerable. When someone becomes legally prohibited from possessing firearms—whether due to a criminal conviction or a domestic violence protective order—they must comply with the law and surrender their firearms. This is especially urgent in domestic violence cases, where a respondent not in custody may pose a significant threat of using a firearm to harm or kill a family member or intimate partner. While the Giffords Law Center rates Maryland’s gun safety laws highly, with an A-, the lack of comprehensive firearm relinquishment laws remains a critical gap in this framework. Strengthening these laws and enforcing them effectively are essential to safeguarding victims of intimate partner violence.

This bill would mandate firearm removal at the temporary order stage, building on current policy, which requires mandatory removal at the final stage, to establish a layered safety net. Further, it would require immediate firearm transfer when an individual is legally prohibited from possession, with clearer follow up protocols. Finally, this bill would require the domestic violence protective order process to build out the record on the presence or absence of firearms so that law enforcement has probable cause to proceed to a search warrant when appropriate.

This approach closes dangerous gaps in the system, helping protect women from potentially lethal situations during the most volatile times in a domestic violence case. Immediate firearm transfer requirements significantly reduce the risk that an abuser will use a firearm to harm, threaten, or kill.

For these reasons, MLAW strongly urges the passage of HB83.
