HB0464 Criminal Procedure - No-Knock Search Warrants - Repeal

FAVORABLE

In the last 6 years a concerted effort has been made to tie the hands of law enforcement so they can no longer perform their jobs effectively and safely. Repealing this matter is not a question of race but rather one of safety for the citizens of Maryland.

If you were to actually ask the citizens in the neighborhoods that you feel are being treated unfairly, you would find that they would like to know their children would be safe when playing outside, that older folks could walk on the streets safely and that the frequent sounds of gun fire would cease.

Protecting criminals is not what justice is all about. Justice is about protecting the 99% who are law abiding citizens and law enforcement needs the freedom to act to protect all of us

I request that you return a FAVORABLE VOTE for this repeal.
