Dear Chair Bartlett and Members of
the Judiciary Committee,

It is my pleasure to write this letter to
you asking for your Committee's full
favorable support and passage of
HB0375 Granny's Law Estates and
Trusts - Interpretation of Wills -
Evidence of Intent.

You know we sadly never know what
tomorrow brings, life is short. I
recently and unexpectedly lost my
mother and it made me cherish my
wife and children and grandchild
even more.

What I do know is that when my time comes, I want some reassurance that my Will/Estate and/or Trust will hold strong.

HB0375 Granny's Law, gives a measure of protection that the horrific situation that happened to Granny will not happen to me, my wife or my heirs.

I ask for your committee's full favorable support and passage of HB0375 Granny's Law.

Thank you

Joseph Kelly
