

To the Maryland House,

I'm writing to express my **strong support** for House Bill 1575 - Correctional Services and Public Safety - Immigration Enforcement - Prohibitions (Community Trust Act)

Governor Moore has spoken by signing HB444/SB245 into law. County sheriffs do not have the authority to make deals with ICE without the state's approval. Yet still, even within our own Carroll County, the sheriff has decided that the law doesn't apply to him

This legislation must pass to show counties that they do not have the authority to perform immigration enforcement on behalf of ICE. This will help keep Maryland safe for all Marylanders.

Sincerely,

Riley Bauer
