

HB 741 Firearms Dealers and Employees – Required Training and Exam

As I read this bill I see an unconstitutional requirement to become a Licensed Firearms Dealer. Much like a test to be allowed to vote. I am sure this will not be a facts only test but a trick to try to limit the number of people who would be eligible to sell firearms. I completely disagree with the whole concept. There are state and federal background checks required and it can take months to complete. That should be more than enough.

I request an unfavorable report on this bill.
