

HB0630

Judiciary: March 9, 2026

FAVORABLE

Testimony submitted by:

Kenneth L. Braitman

92 Carey Run, Frostburg, MD 21532 (Garrett County)

Laws regarding immigration are intended to protect and/or support American citizens. State and local law are intended to protect and/or support state and local citizenry.

The federal government's purchasing property in this state for the purposes of housing ICE detainees and not adhering to or applying local and state laws and regulations violates these principles of protection completely.

Please provide maximal and appropriate protection for Maryland residents, be they detained or not, by giving a favorable report to HB0630.

Thank you.
