

**Written Testimony in favor of HB0670 – Criminal Law-
Child Pornography – Prohibitions and Penalties
House Judiciary Committee**

February 13, 2026

Dear House Judiciary Committee Members,

My name is Lorette Vetusi and I am writing to provide favorable testimony in support of **HB0670**.

In light of everything that is currently going on with the release of the Epstein files and the current DOJ and FBI cover-up of what is likely to be the biggest pedophile ring in US history, I believe that there is no better time than now for Maryland to pass legislation aimed at prosecuting people who are collecting and watching child pornography. I strongly believe that our country under Trump's leadership is clearly not doing everything that we can and should be done to protect children from sexual abuse, trafficking, and pornography, and to publicly identify and prosecute those who are guilty of committing these crimes. It is therefore imperative for Maryland legislators to step up to the plate in a bi-partisan fashion to support this pro-child legislation. Children are our future and they depend upon us to keep them safe!

Thank you for your time and consideration.
