

**HB 1396:** Commission on Blueprint Fiscal Sustainability and Student Achievement - Establishment: Please vote to **SUPPORT** this bill.

Dear Ways & Means Committee:

I am writing to respectfully **support HB 1396**, concerning the establishment of the *Commission on Blueprint Fiscal Sustainability and Student Achievement*.

**Maryland's Blueprint for Education represents one of the most significant long-term investments the state has made in improving public education. Given the scale and importance of this initiative, it is essential that policymakers continually evaluate both its fiscal sustainability and its effectiveness in improving student outcomes.**

**HB 1396 takes a responsible and forward-looking approach** by establishing a commission to carefully review how Blueprint funding is being implemented and whether the expected educational goals are being achieved. **A structured review process allows lawmakers, educators, and stakeholders to assess costs, examine data on student achievement, and identify potential adjustments that may be needed to ensure the program remains sustainable and effective.**

Good public policy requires ongoing oversight. By creating this commission, **Maryland can ensure that taxpayer investments are being used wisely while also maintaining a strong focus on improving educational opportunities for students across the state.**

**Regular evaluation and transparency will help strengthen public confidence in the Blueprint initiative and provide policymakers with the information needed to make thoughtful, evidence-based decisions in the years ahead.**

For these reasons, I respectfully urge you to **support HB 1396**.

Thank you for your time and thoughtful consideration.

Respectfully,

Trudy Tibbals
