

Ways and Means
House Bill 326
Favorable

Honorable Chair, Vice Chair, and Members of the Ways and Means Committee;

Please give House Bill 326 a favorable report.

HB326 codifies an effective program that already exists and is used by all Maryland public schools and some private schools. As it stands now, this program can be eliminated due to budget cuts. It's important for students to be able to anonymously report safety issues in their schools. Please support the continuation for the Maryland Center of School Safety's reporting system. Thank you.

Sincerely,
