Ladies and Gentleman,

I would like to take this time to write this email to inform you how important this tax credit has been for Maryland. First it has been a huge boost to the local economy as well as the community. With the multiple productions over the last couple years it has been good for local restaurants, hotels, transportation, etc. It is my belief with being involved in the industry over 20 years that it was one of the most important things to happen for everyone involved collectively. Such as local workers, theater's, and unions alike. Losing this tax credit I believe will set back the financial gain that this bill has brought forth. I would like to thank you for the opportunity to share my thoughts and experiences that this tax credit has afforded me and my family as well as everyone else who has seen the great benefits it has created for the state of Maryland.

Sincerely,  
Justin Foster  
IATSE Local 19
