## School Systems – Reportable Offenses – Alterations

Delegate [Griffith](#)

FAVORABLE for HB0123

It is important for students to feel safe in their schools. Full reporting of the offenses to all school officials named is important so that they can monitor the student in question if that student is allowed to stay in school so that the student does not come into contact with the victim.

Since youth crime rates are on the rise, it is important to remove students from the school for the allowable offenses so that it sends a message to that individual and to other students, that crime has consequences and particularly, to protect the other students.

I request a FAVORABLE vote for HB0123.
