TITLE: HB1256 Income Tax - Angel Investor Tax Credit

DATE: March 5th, 2026

COMMITTEE: Ways and Means

POSITION: Letter of Concern

SUMMARY OF BILL: The bill would rename the Innovation Investment Incentive Tax Credit (IIITC) Reserve Fund the Angel Investor Tax Credit Reserve Fund, and alter the eligibility rules for the related (and also newly renamed) Angel Investor Tax Credit. If enacted, an eligible taxpayer who invests at least \$25,000 in a qualifying company could access a refundable State income tax credit. The calculation of that State tax credit would depend on the location of the company that the taxpayer invested in. The bill requires the Governor to appropriate at least \$2.0 million annually to the reserve fund that supports the Angel Investor Tax Credit.

EXPLANATION: This bill increases annual general fund expenditures by \$2 million to fund the Angel Investor Tax Credit, but it does not make any offsetting reforms that would reduce state expenditures or increase state tax revenues.

Given the significant uncertainty in federal policy and the escalating fiscal shortfalls forecasted through Fiscal Year 2028, the Department urges caution against legislation that increases expenditures or diverts revenue without sustainable funding offsets. In light of the current fiscal crisis, the State must remain disciplined and strategic in its funding decisions to protect essential services for all Marylanders.
