

Dear Delegates,

I am writing to you as an instructional Assistant with the Kent County School District. I am asking you for your support in favor of HB1205.

Kent County School District has supported my integration into the community. I am currently operating the media center and I am finding it unreasonable making ends meet on the salary the school district provides. Your support of this bill would allow me to continue to work at a job I love and with pay that is fair. The amount that I am paid is below the poverty level in my area. I write not just for myself but for my coworkers who also are experiencing these low wages. I am only asking for fairness and your support for HB1205 would help towards attracting others with expertise in the Education field and to help Kent County schools become a stronger partner with the community we serve.

Thank you for taking time to consider our plight and I appreciate your support.

Sincerely yours,

Anne Marie Llewellyn
