

**OPPOSE: House Bill 63: Education - Interscholastic and Intramural Junior Varsity and Varsity Sports - Designation Based on Sex (Fairness in Girls' Sports Act)**

Dear Chairperson Wilkins, Vice Chair Feldmark, and members of the House Ways and Means Committee:

Please give an UNFAVORABLE vote to this horrible piece of legislation designed for only two intentions: to oppress the almost-miniscule Trans student population; and to ensure anti-Trans bigots will have multiple opportunities to sue the school(s) in question.

It is, indeed, telling that the authors of this piece of legislation neither provide accommodations for Trans, gender-fluid, non-binary students, or even for students who desire/require more privacy.

However, these same people who try to hound, harry and harass Trans and other LGBTQ+ folks by any means they can come up with, as they demand adherence to "biological sex" -- cannot even define it correctly.

Again, please give an UNFAVORABLE vote to this bias in ink masquerading as serious legislation, and let the kids play sports free of rabid right wing gender ideology.

Sincerely,

John Jasen
