Bill Hearings:

- Every on-time bill will receive a hearing. The committee chair has full discretion over the hearing's length. The schedule will be posted the week before, or earlier if possible. Bill hearing dates are typically difficult to change once announced, except in rare cases authorized by the Chair. Requests for specific dates can be made to the Chair's Chief of Staff.

Witnesses should avoid reading prepared testimony or repeating prior testimony to expedite the hearing and ensure all witnesses have a chance to speak. The Chair may limit the time for testimony and the number of questions from members.

In-Person Witnesses:

- The live hearing will be displayed on screens in the main lobby outside the Appropriations Committee room with closed captions and bill status.

Virtual Witnesses for Bill Hearings:

- Zoom links will be sent no later than one business day before the hearing. Ensure your display name on Zoom matches the name used when signing up. Upon entering the Zoom meeting, you will be placed in a waiting room. The host will admit you once your testimony is called.
- During the wait, please watch the live stream of the hearing via YouTube ([MGA website homepage](#)). Close the YouTube window when entering the Zoom meeting to prevent feedback or echo sounds. After your testimony, you will be removed from the Zoom meeting.
- If you have another bill to testify for later on the same day, click the link again to rejoin.
- The MGA website home page also has video tutorials for **MyMGA** and testimony sign-up.

Bill Files:

- Electronic copies of bill files are available upon request after the hearing by emailing AA_APP@mlis.state.md.us.
- Bill files will also be available on the MGA website when the bill reaches the House floor for the second reading. For bills that do not pass out of committee, the bill file will be available on the website after the session concludes.
