
How to Request a Legislative Bond Initiative

Updated 2022

What Is a Legislative Bond Initiative?

Legislative Bond Initiatives (LBI), formerly referred to as bond bills, are bond authorization requests filed by members of the Maryland General Assembly (MGA) to support specific local or non-State-owned capital projects.

Although not submitted as part of the Governor's capital budget, the authorization to fund an LBI is provided in the State's annual capital budget bill.

The Department of Legislative Services (DLS) reviews LBI requests in accordance with the rules and procedures established by MGA.

Project Eligibility

A project must

1. be capital in nature (land and/or structures),

such as

Real Property Acquisition
Project Planning & Design
Construction & Renovation

2. have a State or local public purpose,

like a

Community Center
Health Facility
Museum
Recreational Facility

3. have a 15-year service life

Funds may not be used for:

Religious/sectarian purposes
Operating expenses
Certain Non-Capital Equipping
or Furnishings

Additionally, a Grantee must own the property to be improved with the grant funds or have a long-term lease of at least 15 years. Otherwise, the State will require the property owner either be a co-grantee or agree to be a beneficiary in the grant agreement with the State.

Project Prioritization

- **Project Readiness**

- ⌚ Adequate funding plan that demonstrates the availability and commitment of sufficient non-State funding sources to complete the project
- ⌚ Project schedule that supports the expeditious use of State grant funds. Project requests that can demonstrate that State grant funds will be expended within two years of authorization are given priority
- ⌚ Encumbrance and expenditures deadlines can be met within seven years of authorization unless otherwise specified in an act of the General Assembly)

- **Alternative funding sources**

- ⌚ Applicants that can demonstrate the availability of non-State funding sources are given priority in making funding decisions

- **Employment creation/retention**

- **Delegation support**

- A set of four copies of each Request Document is provided to the sponsor for introduction.
- Sponsor will deliver signed Documents to the Secretary of the Senate/Chief Clerk of the House for introduction during a floor session. (Only “clean” Request Documents are accepted – no handwritten changes.)
- LBIs must be requested by the 27th day (Senate) and the 31st day (House) as “guarantee” dates. As with Bills, the 55th day is the final day for introduction without suspension of the rules.

Please sign where indicated and obtain the signatures of any cosponsors.
Please note there is a maximum of three sponsors per LBI.
Once all signatures have been obtained, the document can be delivered to the Secretary of the Senate/Chief Clerk for formal introduction.

NOTE: If you need changes made to the LBI document before it is introduced, the **changes must be approved** and entered into the LBI System by the **Department of Legislative Services (DLS)**. The Secretary of the Senate/Chief Clerk will NOT accept a document for introduction that includes changes not approved by DLS. To have any necessary changes approved, please email Valerie Kwiatkowski at: valk@mlis.state.md.us. Once changes have been made a new LBI document will be printed and delivered to the sponsor.

LBI Process: Introduction

- Upon submission of an LBI, an introductory LBI letter is created to be read across the desk during a floor session and entered into the proceedings
- Once an LBI is entered into the proceedings, it is made available in a report on the MGA website under the Budget tab by selecting Bond Initiatives
 - The report displays all member LBIs but can be filtered by individual member. Each member's bill page also contains a link to the LBI report
- When an LBI is read across the desk and entered the proceedings, an email is sent to the requesting lead sponsor contact with instructions for completing an LBI Fact Sheet. The sponsor is responsible for sending the Fact Sheet to the requestor – designated grantee contact
- The email provides a PDF copy of the *Guidelines for the Submission of Legislative Bond Initiative Requests to the General Assembly of Maryland*. These guidelines are also available on the MGA website under the Budget tab by selecting Bond Initiatives and then Documents

LBI Process: Fact Sheet

- **After** the LBI is introduced, the Fact Sheet is submitted electronically by **March 7th** through the fact sheet system
- It provides information to the legislature to make funding decisions – failure to submit a Fact Sheet may result in a decision not to fund a project
- **Sponsors** will receive an email from DLS that provides a link and access to the applicant's Fact Sheet; this email should be forwarded to the grantee. Information in fields one through nine are locked and cannot be changed by the applicant.
- Brevity is as important as accuracy

Post Authorization Grant Process

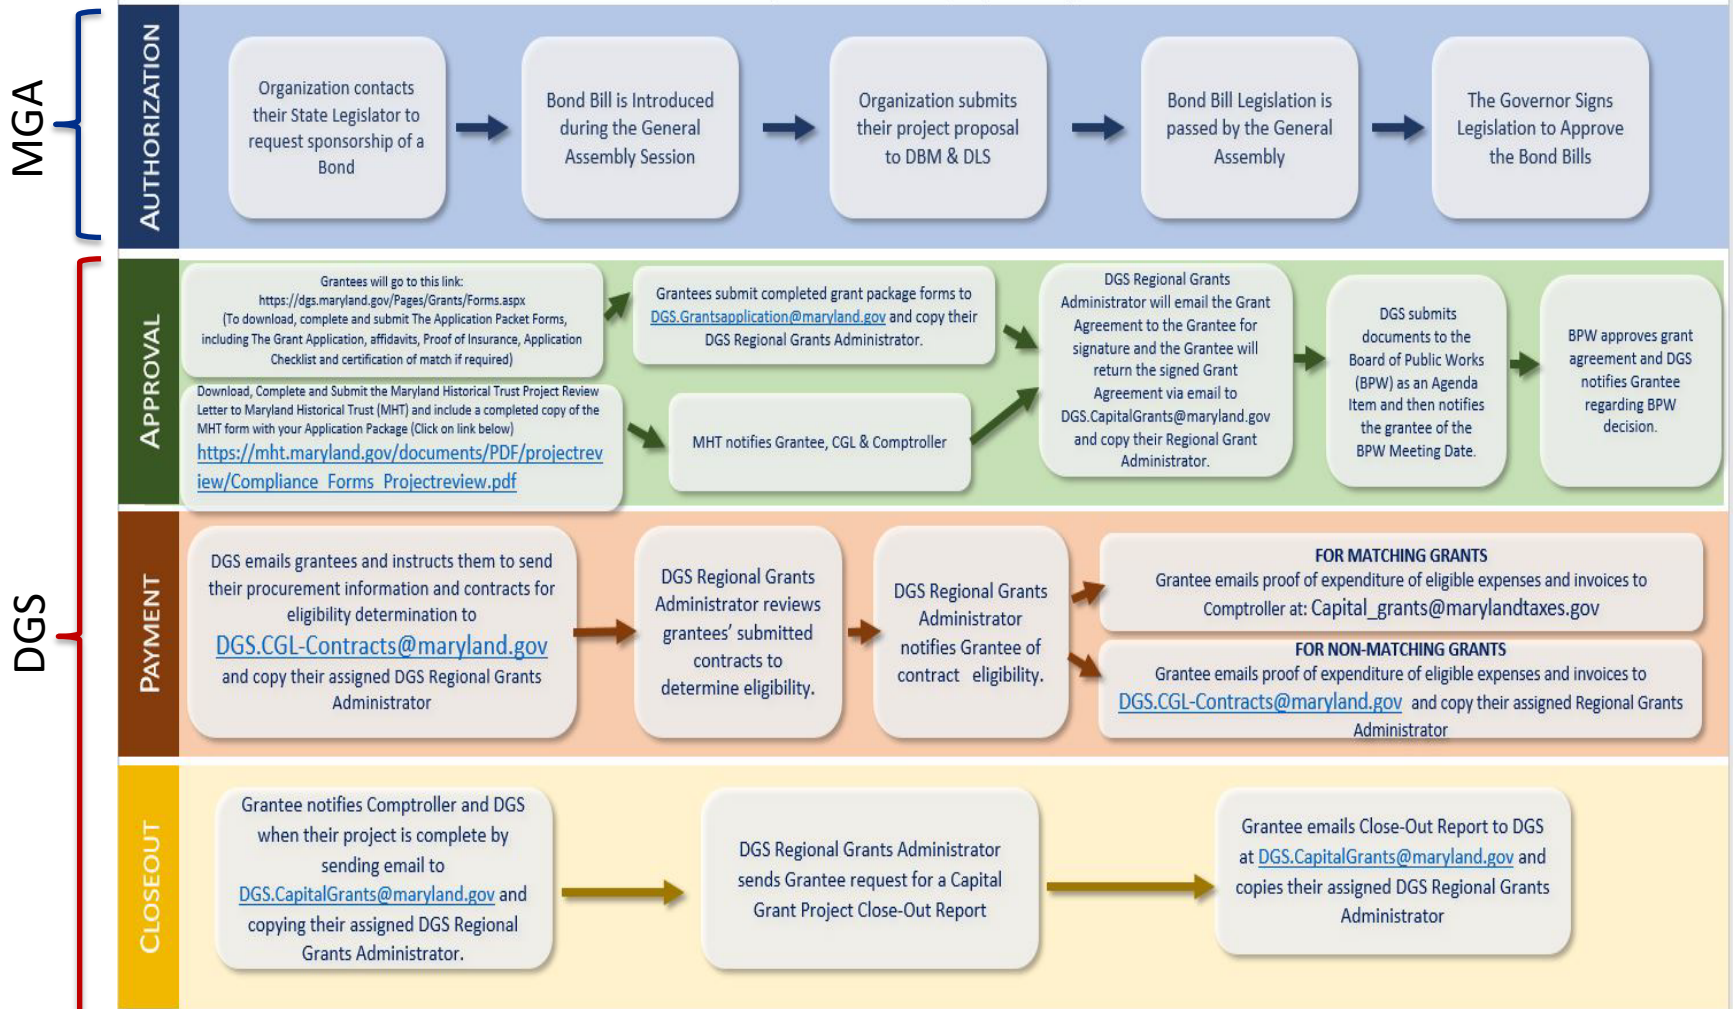

- Following official designation of an LBI as a State capital grant, grantees work with the Department of General Services (DGS) to obtain grant funds
- Grantees must enter into a grant agreement with the State – administered by DGS
- Although the Board of Public Works (BPW) ultimately determines whether a grantee has met all grant requirements, DGS is the point of contact for grantees post legislative authorization

Information regarding the DGS grant process is available from their website at:

<https://dgs.maryland.gov/Pages/Grants/index.aspx>

Flow Chart of Process

Termination Provisions

- Authorizations may terminate in whole or in part
 - if the grantee fails to enter into a grant agreement with the State within two years
 - if the grantee fails to certify a matching fund, if required, within two years
 - if funds remain unencumbered and unexpended seven years after authorization unless otherwise specified in an act of the General Assembly
- Termination notification
