1           **SECTION 1. BE IT ENACTED BY THE COUNTY COMMISSIONERS OF**  
2           **CHARLES COUNTY, MARYLAND, that the Laws of Charles County, Maryland**  
3           **read as follows:**

5           **Article VI, § 297-98. WCD Watershed Conservation District. [Added 6-6-2017**  
6           **by Bill No. 2017-03]**

7           D. Zoning Map boundary and criteria. The Watershed Conservation District  
8           (WCD) Zoning Map is based on the Watershed Conservation District Land Use  
9           Map. The Land Use Map is a generalized conceptual map, and the Zoning Map  
10          is more site- specific. For small developed parcels on the edge of the district,  
11          the property line was used as the WCD boundary. Some other parcels have split  
12          or multiple zones. For those properties where the boundary was set as the Stream  
13          Valley's top of slope, boundary modifications related to the exact location of the  
14          top of slope can be considered by the Planning and Growth Management staff  
15          upon approval by the Zoning Officer based on site-verified conditions and data.

- 16          (1) Properties with multiple zoning districts. When properties contain more  
17          than one zoning district and a proposed project falls within the WCD  
18          Zoning District, the following rules will apply.  
19              (a) The WCD shall be consistent with § 297-22 of the Zoning Ordinance  
20          and subject to all the regulations applicable to the zone in which it  
21          is located in accordance with those provisions;  
22              (b) The density calculation of the WCD area is to be based on one unit  
23          per 20 acres;  
24              (c) The area with WCD zoning can only include permitted uses allowed by  
25          the Table of Permissible Uses for that zone;<sup>2</sup>  
26              (d) WCD areas can include open space, forest conservation, public uses,  
27          stormwater management and access to support the entire project, provided  
28          it meets the impervious surface and other development requirements for  
29          the WCD area;  
30              (e) WCD areas can be used for residue and reserved as open space for future  
31          development, provided the future development complies with the WCD  
32          regulations.  
33          (2) [Except as specified below in this subsection, c]Commercial, INDUSTRIAL,  
34          and business park zoning areas shall not be included in the WCD boundary  
35          area and shall be allowed to retain their commercial-related zoning.[:]  
36              (a) The County-owned Indian Head Science and Technology Site shall  
37          remain in the WCD boundary area;  
38              (b) The commercial and mixed use commercial areas in the Bryans Road area  
39          shall remain in the WCD boundary in order to plan its future as a village

and not a growth area;

- (c) The commercial and industrial lands around the airport shall remain in the WCD boundary.]

- I. Intrafamily transfers of property within the Watershed Conservation District (WCD) is to recognize the family legacy associated with the land and to allow for the limited transfer of land from the property owner to an immediate family member as sale or gift for their use in this zoning district that otherwise would not be permitted due to density restrictions.
    - (1) "Immediate family" is defined as mother, father, son, daughter, grandfather, grandmother, grandson, granddaughter, stepparents, stepchildren, and legal wards and guardians.
    - (2) Total number of parcels or lots. Intrafamily transfers will be permitted on parcels of land in the Watershed Conservation District (WCD) Zoning District where a portion of such parcel in the WCD is at least 10 acres and not more than 60 acres in size.
    - (3) A notation shall be placed on the final subdivision plat denoting the lot(s) and residue that are created under these provisions of the Code.
    - (4) Subdivision of land within the WCD under the bona fide intrafamily transfer provisions contained herein shall be subject to the following limitations:
      - (a) Parcels of 10 acres to 60 acres cannot be subdivided into more than three lots (two intrafamily lots and one existing or primary lot);
      - (b) Minimum parcel size for intrafamily lots is one acre;
      - (c) [In order to qualify for an intrafamily transfer, the existing property owner must have owned the land at the time of adoption of this section, and for a period of at least 10 years;
      - (d) ]Lots created pursuant to these provisions shall not be created for the purpose of ultimate commercial sale. A lot created pursuant to these provisions may not be subsequently conveyed to any person except as provided herein:
        - [1] Where the conveyance is to a member of the owner's immediate family; or
        - [2] Where the conveyance of the lot is part of a default on a mortgage or deed of trust.
    - (5) Any lot created under this subsection may not be transferred or sold to a third party who is not a member of the owner's immediate family or holder of a mortgage or deed of trust on the property unless and until the Planning Commission has determined the following conditions apply:

- (a) A change in circumstances has occurred since the original transfer, which would warrant permitting a subsequent transfer, when such circumstances are consistent with the warrants and exceptions contained herein;
  - (b) A change in circumstances may include situations where the intrafamily transfer recipient has not resided in the County for the past five consecutive years and signs an affidavit verifying their intent not to reside in Charles County or demonstrates significant financial hardship; or
  - (c) Other circumstances necessary to maintain land area to support protective uses of agriculture, forestry, open space and natural habitats in the Watershed Conservation District warrant an exception.

(6) Deeds of transfer shall include a covenant stating that the lot is subject to the provisions of this subsection and be approved for legal sufficiency by the County Attorney's Office prior to recordation of the intrafamily lot(s). These covenants shall restrict the subsequent transfer or sale of the lot or lots created pursuant to the intrafamily transfer provisions contained herein to a third party who is not a member of the owner's immediate family or a holder of a mortgage or deed of trust on the property except as otherwise provided herein.

(7) Once the intrafamily transfer has occurred, additional transfers for subsequent generations of the original owner cannot qualify for further intrafamily transfers.

(8) All other subdivisions regulations shall apply to intrafamily transfers except for the density provisions of the Zoning Ordinance as allowed and stated herein.
